CONDOR_R Pit-Stop/Trailer-Stop Wheel locking chock:

The **CONDOR_R** Pit-Stop/Trailer-Stop is a fully adjustable wheel locking system capable of accommodating front and rear wheel sizes from 14-22" / 80-220W. The patented locking mechanism effortlessly and securely supports your motorcycle in an upright position on the ground or on a trailer. The **CONDOR** works on pavement, concrete, dirt, sand, gravel and all forms of transport platforms such as trailers and pick-up trucks. The Pit-Stop also serves as a Trailer-Stop and easily snaps onto trailers or pick-up beds with the trailer adaptor kit. Attaching and detaching the unit takes only a few seconds. With the Trailer-Stop, Tying down a motorcycle becomes a simple and an easy task for one person. In most cases, the motorcycle needs only to be tied down with two straps, one on either side with attachments towards the middle or the rear. Both straps would only need to push the motorcycle forward and down. You will be amazed at how secure and safe your ride will be once tied down in the **CONDOR_R** Trailer-Stop cradle. The **CONDOR** Pit-Stop/Trailer-Stop accommodates bikes weighing up to 3000 lbs, folds down for easy storage and weighs only 21+ lbs. The versatile **CONDOR** is also ideal for motorcycle servicing, cleaning, displaying and storage. It's dimensions in the upright position are 29" wide, 30" long and 15" high. Once folded, it becomes 29" wide, 30" long and 6" high. The **CONDOR_R** Pit-Stop/Trailer-Stop sells for \$235 +S&H, trailer kit \$20 +S&H. For more information or to order please GO TO WWW.CONDOR-LIFT.COM OR CALL 1-815-754-7418.
